

# 4" - 3" SAFETY INSULATING HARD COVER

## DETAILS

Environmentally Friendly Spa Covers from HST! CFC-free foam- our foam manufacturing process uses steam rather than ozone depleting freon agents thus protecting the ozone layer.

- High insulating value (3" has 13.11 R factor)
- 3" tapered to 2" foam, 4" tapered to 3" foam, 5" tapered to 4" foam, 6" tapered to 4" foam for outdoor use
- Minimal water absorption
- Aluminum channel down centre for additional strength
- Durable marine grade top vinyl with U.V. and mildew inhibitors
- Safety latches
- Reinforced handles
- Full 3" skirt for improved heat retention
